With this release, the volume Love Flicker is finally completed. While I enjoyed it, I probably won't get to do more from Takemiya-sensei. But other groups are picking up that slack and getting it out much faster than I would, so her work is finally getting the attention it deserves.

Two chapters from The Last Uniform are next. The story is definitely building toward it's conclusion. There are surprises in store, including the main part of the spoiler that caused the 2ND Ed. special 1 to be pushed back.
